spraytec[®]
FULLTEC

Description

Fulltec K activates both the plant's metabolism and root system enzymes responsible for regulating grain fill to ensure photoassimilates like sugar, protein, and starch are being moved into the grain prior to harvest. That's more yield and increased weight in your bins.

FULLTEC K

PER ACRE
PROVEN
+\$5.81 ROI/ACRE

Main Benefits:

Great ROI

Moves photoassimilates into the grain, ensuring all season-long investments show up in the grain tank.

Synergy

Fully compatible with fungicides, insecticides, herbicides, and plant growth regulators.

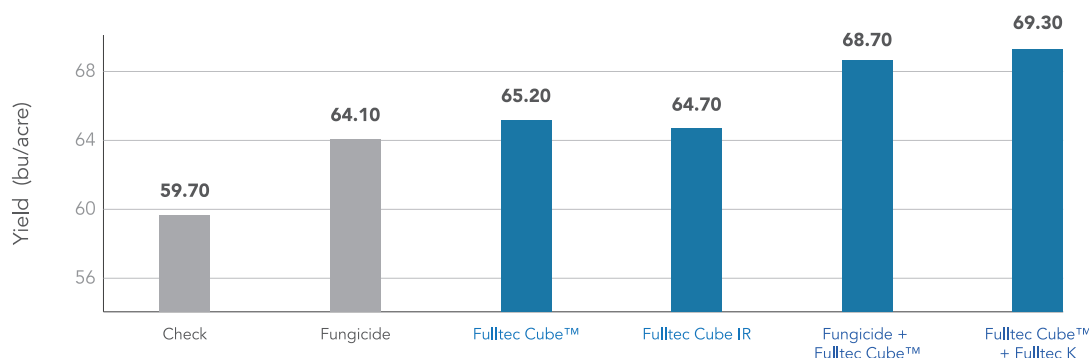

Stay-green

Nutritional package that extends the photosynthetic period, allowing plants to pack more nutrients into the grain.

Directions

Crop	Rate of Fulltec K	Timing	Notes
Soybeans	4.0 - 5.5 oz/acre	Foliar R1 - R5	Check label for more details.
Corn	4.0 - 5.5 oz/acre	Foliar R1 - R5
